

TESTIMONIES

When I met Mrs. Pace with Shekinah Services, I didn't know what I could do to change my credit woes. There were items on my report that weren't even mine. In 30 days, she turned me around.

I have thoroughly enjoyed working with Shekinah Services. Clarissa always had my best interest at heart; always upbeat, gracious, knowledgeable and dedicated. She went above and beyond to ensure that I was satisfied....HIGHLY recommend!!!!

In our phone interview, Mrs. Pace said Shekinah Services requires that you don't expect overnight miracles, because it didn't take you overnight to get there. Boy! It was like it happened overnight. I didn't expect to increase my score in 60 days by over 100 points....and I just came out of bankruptcy.

Hat's off to Shekinah Services. My wife and I had federal liens and issues I didn't think were possible to remove. Mrs. Pace went above beyond what the instructions say can or can't be done. She was always encouraging. My scores increased and I was able to refinance my home.

I would recommend Shekinah Services to anyone. I had a huge amount on a credit card. She saved me \$5000 by negotiating the settlement for me. At that time in my life, it was a relief to me to have her conducting my business.

My husband and I are longtime business owners. We had been turned down by lenders because we had a previous bankruptcy. When Shekinah Services began to work with us, our scores increased in the first 30 days. I liked the confidentiality and the dedication to us as customers. We were able to refinance and do some personal things we had desired to be done.

All I can say is: Mrs. Pace knows her stuff. Every observation I was told, worked for me. I had been struggling to purchase a home. She was able to help me increase my scores in 90 days and I'm buying my home, and she's doing that for me too.
